Education

Master of Arts in Speech-Language Pathology, Cleveland State University, 1992

- Current Ohio Teacher's Certification in Speech-Language Pathology
- Certificate of Clinical Competence, American Speech-Language Hearing Association

Bachelor of Arts in Linguistics, Michigan State University, 1990

- Language major: French, with study abroad in Paris, France

Certified Aging in Place Specialist, National Association of Home Builders, 2007

Culinary Certifications

- **Professional Pastry Diploma, Western Reserve School of Cooking, 2005**
- **Level 2 Intermediate Certificate in Wines and Spirits, Wine & Spirit Education Trust, 2010**
- **Level 3 Advanced Certificate in Wines and Spirits, Wine & Spirit Education Trust, 2011**
- **Certified Specialist of Wine, Society of Wine Educators, 2011**

Professional Management & Organizational Experience

Brush Development Company, Chardon, Ohio.

Helping healthcare organizations develop dementia competence. Provide consultation to health care communities about person-centered care policies and practices. Support effective implementation and coordination of staff core competencies. *Selected clients are listed below.*

- Association Montessori Internationale, Inaugural International Advisory Group Member, Montessori for Dementia and Aging. Responsible for writing the standards for Montessori for Aging and Dementia communities and the curriculum for training programs. One of two dementia experts in the US to be appointed to the international group.
- Provide staff education in dementia care best practices and Montessori for international clients such as Fundacion Nuevo Hogar, Buenos Aires, Argentina; Sarah Emainu Clinic, Modin, Israel; and National University Hospital, Singapore.
- Provide comprehensive evaluation of skills and deficits for clients with a variety of dementias. Develop functional goals to improve and main communication and daily skills, educate family and home care staff to provide appropriate evidence-based interventions, assess home environment for barriers and facilitators to functioning and provide solution based environmental interventions.
- Pioneer Network, responsible for coordinating the entire re-design of the organization's website including developing the site map, consulting on wire frames, writing text, contributing the SEO, etc.
- Residential Plaza at Blue Lagoon, provide staff training and following up coaching in culture change, person-centered care, Montessori for Dementia, and dementia care best practices.
- Academy of Orofacial Myofunctional Therapy, created ten-hour online course, certification test, and accompanying resource material about identification and assessment of orofacial myofunctional disorders.
- Principle Investigator, Phase I SBIR grant in partnership with the Center for Applied Research in Dementia. Research grant to develop and test a wayfinding system for persons with dementia living in long term care communities.
- Carolyn Farrell Foundation for Brain Health, strategic planning for Foundation Growth, develop training curriculum and workbook for the Creative Connections program.

- IDEAS Institute & The Hulda B. & Maurice L. Rothschild Foundation, assist in the development, testing, and project management of a new national PCC Designation framework and assessment matrix designed to identify care organizations that are dedicated to providing person-centered care experiences for persons receiving care, their families, and staff.
- IDEAS Institute & The Hulda B. & Maurice L. Rothschild Foundation, steering committee member and conference organizer for the Person Centered Care Planning Task Force. Chair of the Dementia Work Group. Work to develop Person-Centered Care Practices and Implementation Guidelines that are developed with a broad coalition of stakeholders; widely adopted by numerous professional groups; and disseminated nationally in a systematic manner.
- Kendal at Home, Westlake, OH. Provide education in best dementia care practices and home evaluations, develop home safety assessment procedures, organize Healthy Aging Day events, consult on implementation of management training programs.
- Guardian Rehab, education in dementia best care practices and environmental modifications for rehabilitation staff.
- HCR ManorCare, Toledo, OH. Online staff training on environmental design and behavior related to speech language pathology interventions. Consultation regarding policies and procedures; developed and implemented dysphagia training program and competency test. Authored and produced dysphagia training video.
- Baycrest Hospital, Toronto, Canada. Responsible for environmental design and staff training for the Behavioral Dementia Unit.
- Center for Applied Research in Dementia, phase I SBIR grant to develop and test hands-on, interactive activity curriculum for people with dementia. Designed, implemented and tested curriculum, managed onsite data collection.
- Veggie U, Developed grant applications and special projects, including website development, to promote the Earth to Table nationally distributed science curriculum for fourth graders.
- Hearthstone Alzheimer Care and Northern Speech Services, Developed both online and classroom based course content and assisted evaluation of graduate level material on dementia and dysphagia.
- Center for Applied Gerontology, Cuyahoga Community College. Provided overall management, consultation, and implementation of all Continuing and Professional Education Courses, including the Practitioner Certificate in Gerontology program. Developed and launched a Portable Professional Development training program that brings in-service training programs onsite to healthcare facilities. Supervised staff and graduate student interns.
- Absolute Health Services, Canton, OH. Developed and implemented a corporate training course about Spaced Retrieval and effective therapeutic interventions for individuals with dementia. Provided on site consulting services to the rehab departments in the organization's care facilities.
- Northern Speech Services-National Rehab Services. Present continuing education seminars throughout the United States for health care professionals, current client since 1999.
- Marketing Strategy & Research, New Castle, ME. Responsible for evaluation of healthcare practice customer service.
- Practicing Privileges at University Hospitals Health System, Geauga Regional Hospital Acute Care Unit, services provided as needed, through the private practice of Nan Norton, MS, CCC/SLP, 1995-2000.

IDEAS Institute, Not-for-profit research organization, *Kirtland, Ohio*
Executive Director, 2007 to 2012 | Senior Project Director, 2001 to 2007

Responsible for communication with the Board of Directors, development of company identity, coordination of website design and implementation, development of annual reports, supervision of staff and consultants, grant writing, project management, and budgeting.

- **Project Consultant**, Society for the Arts in Healthcare, funded by the Hulda B. & Maurice L. Rothschild Foundation. Developed a book that helps recreation and art professionals engage elders in meaningful activities.

- **Grant Project Manager**, THE GREEN HOUSE® Design Charrette funded by NCB Capital Impact and THE GREEN HOUSE® Project. Coordinated all aspects of national competition to explore new and creative design solutions for GREEN HOUSE® homes.
- **Grant Project Manager**, *Creating Home and Building Community II: The Urban Experience*, funded by the Hulda B. & Maurice L. Rothschild Foundation. Coordinated the development of the Request for Proposals, the process of identifying the top tier proposals, conducted site visits, and assisted in making the final award decision. Co-authored series of four articles for Long Term Living magazine about the project.
- **Principal Investigator**, *Meal Time Matters at Home*, funded by the Home Instead Senior Care Foundation. Responsible for grant writing, curriculum development, testing and dissemination. Resulted in an educational program for home health care staff about dysphagia and safe feeding techniques.
- **Principal Investigator**, *Meal Time Matters*, funded by the Mt. Sinai Healthcare Foundation. Responsible for grant writing, curriculum development, testing and dissemination. Resulted in an published educational program for long term care staff about dysphagia and safe feeding techniques.
- **Principal Investigator**, *Improving the Quality of Family Visits*, funded by the Mt. Sinai Health Care Foundation. Responsible for grant writing, supervision of staff and consultants, focus groups, and project management to develop a guide to help families have successful visits with loved ones in long term care facilities. This project was awarded the Silver Medal in the 12th Annual National Mature Media Awards honoring the best in Educational Materials for Older Adults.
- **Principal Investigator**, *Improving the Dining Environment for Persons with Dementia*, funded by the Extencicare Foundation. Responsible for grant writing, and project management including supervision of staff to assess the impact of lighting on oral intake and behaviors in persons with dementia. This project resulted in several trade journal interviews and special features, a monograph published by the University of Milwaukee School of Architecture, as well as many national presentations.

I.D.E.A.S. Inc. (Innovative Designs in Environments for an Aging Society), *Kirtland, Ohio*
Senior Project Director, 10/99 to 10/12

Responsible for program design: Reaching a Broader Market – From Concept to Implementation

- **Consultant**, Environmental Design. Consult with a variety of care communities across the country to recommendation environmental modifications that are supportive for people with dementia.
- **Technology Manager**, Assistive Technologies for Long Term Care Settings, NIH Phase II SBIR grant to develop and efficacy test a website with comprehensive information on assistive technologies used in nursing homes.
- **Grant Project Manager**, Assessment Protocol to Identify Environmental Barriers to Communication, NIDCD Phase I & Phase II SBIR grant to develop a Communication Toolkit that enables identification of environmental barriers and facilitators to improve communication of individuals with dementia in long-term care settings. Resulted in a published Assessment Protocol and Manual about environmental modification. Responsible for authoring the resource guide as well as all aspects of the project's testing, subject recruitment, and staff/consultant coordination.
- **Grant Research Associate**, *Distance Learning for Home Modifications*, NIA Phase II SBIR Grant. Responsible for curriculum development, recruitment, and testing of four online courses for healthcare professionals about Home Modifications for older adults.
- **Co-Principal Investigator**, *Information for Independence*. NIA Phase I SBIR Grant. Responsible for grant writing, all aspects of project development to produce and test an online and classroom based course about assistive listening devices for older adults with hearing loss.
- **Principal Investigator**, *On-line Courses for HIV Related Cognitive Deficits*. NIMH Phase I SBIR Grant. Responsible for all aspects of grant application and project management to develop and test a distance learning course. Managed all project staff, authored online course, made all graphic design decisions, collaborated with website designers, recruited subjects, and coordinated testing.
- **Co-executive Producer**, *Caregiver Video Education Series for HIV associated dementia*, challenging behaviors, depression, and caregiver stress. NIMH Phase II SBIR Grant. Responsible for script writing,

coordination of filming, editing, and graphic design, managed subject recruitment, and conducted efficacy testing.

Menorah Park Center for the Aging, Beachwood, Ohio
Speech-Language Pathologist, 1996 to 1999

Cleveland Hearing & Speech Center, Cleveland, Ohio
Speech-Language Pathologist, 1995 to 1996

Chardon Quality Care Nursing and Rehabilitation Center, Chardon, Ohio
Director of Rehabilitation, 1994 to 1995

Private Practice of Betty S. Malinak, Cleveland, Ohio
Speech-Language Pathologist, 1993 to 1994

Additional Activities

- **Member, Board of Directors**, Environmental Well Being of Aging
- **Gold medal winner** in the healthcare book category in the 23rd annual National Mature Media Awards Program and an **Award-Winning Finalist** in the "Health: Aging/50+" category of the 2014 USA Best Book Awards for *I Care*
- **Co-Chair**, Rothschild Foundation Person Centered Care Planning Task Force
- **Guest Editor**, *Seminars in Speech and Language & Perspectives in Gerontology*
- **Advisory and Editorial Review Board**, Speech Pathology Journal Online
- **Steering Committee Member and Chair of Professional Development Committee**, Special Interest Group in Gerontology, American Speech Language Hearing Association
- **Program Committee**, American Speech Language Hearing Association, Language Disorders in Adults, Conference proposal reviewer
- **Participant**, LeadingAge Dementia Think Tank
- **Participant**, White House Forum for Technologies for Successful Aging, Washington DC
- **Member**, American Speech-Language Hearing & Ohio Speech-Language Hearing Association
- **Member**, Association Montessori Internationale
- **Health Care Executive Education** Core Development Certificate Program, Weatherhead School of Management, Case Western Reserve University
- **Awarded the Silver Medal** in the 12th Annual National Mature Media Awards honoring the best in Educational Materials for Older Adults
