

## Congratulations Kevin Heffner!

**Kevin Heffner** has been appointed President and CEO of LifeSpan, the largest senior care provider association in the Mid-Atlantic. He will be responsible for management and oversight of the organization's services and programs, as well as its overall vision.

The Erickson School could not be more proud of Kevin and wish him continued success. Kevin has been with UMBC-Erickson School since its inception in 2006. As Director of External Relations he was the face of the school and has built a network of students, alumni and partners. After mentoring hundreds of students and alumni, Kevin took his own advice and earned a Masters in the Management of Aging Services from the Erickson School in May 2016.

We feel fortunate that we will continue our connection with Kevin as not only is he an alumnus, but this fall his daughter Emily will be a freshman at UMBC and Kevin will be a proud UMBC Dad.

*Best of luck Kevin and thank you for all you have done on behalf of the Erickson School. Cheers!*
