

# AGNG 698 - SPECIAL TOPICS IN AGING STUDIES

## INTERGENERATIONAL ACTION IN CLIMATE CRISIS

The growing climate crisis impacts people of all ages and is a human rights issue. People, young and old alike, have a voice and can participate in climate action.

---

### BY THE END OF THE COURSE YOU WILL:

- 🌍 Understand the climate crisis and its impact on all generations
- 🌍 Identify how all generations have contributed and responded to global warming
- 🌍 Recognize the power of intergenerational climate work from personal action to international policy
- 🌍 Have the skills to address generational tension related to climate change
- 🌍 Be empowered to participate in meaningful change through intergenerational climate action
